

## Application for Microstat Parentage (DNA) and/or Genomic Testing

This application can be used for both microstat (DNA) and genomic testing; please indicate test required for each animal

## Owner Information:

Name:	Prefix (If Applicable):	
Email:	Contact Phone #	
Signature:	Date:	

## Submitter Information (if different from Owner):

Name:	Prefix (If Applicable):	
Email:	Contact Phone #	

## NOTE: Please mark the Test Type required for each animal: microstat (DNA) test only; microstat (DNA) parentage or genomics

	i dilindi. Inicrostat (DNA) test only, inicrostat (DNA) parentage or genomics														
Animal Information			Test type		Breeding Values		Recessive Testing								
Herdbook Number or Name	National ID	DOB	Microsat (DNA) Test Only	Microsat (DNA) Parentage	Genomics*	Parentage Test	ABV(g)	ABV(g) + TPI(g)*	A2	Polled	Red Carrier	CVM	Blad	Brachyspina	Other

\*Genomics can be used for parentage verification. To do this both parents must be genomic tested to allow ET animals to qualify for herdbook registration.
